What is the Purpose?

GRMC is offering the Patient Portal to make medical information more accessible to you and help you live a healthier life.

Need your medical records to take to your Primary Care Provider or to an appointment out of town? Use the portal to obtain and print your record FREE of charge.

Need to review medications, visit summaries, and get lab results? The Patient Portal is your answer. Saving you time and money.

We Respect Your Privacy

If you choose to use the Patient Portal, your name and email address will be treated with the same care and privacy given to your medical records.

PATIENT PORTAL

What is Patient Portal?

Patient Portal is a secure, confidential, and easy-to-use website that gives patient and their families 24-hour access to their medical records. It uses the latest encryption technology to deliver secure communication between patient and providers.

By signing up, you will be able to:

- Access important health information from your medical records including: medications, test results
- View and maintain medication lists
- Download forms (H&P, Advance Directives, Patient Guarantor)
- Obtain educational information Maintain user account information including username, password, and contact information

Enroll TODAY

After registering at Admissions (located on the first floor), patients and their legal guardians may enroll for our Patient Portal.

If you wish to apply for access to the Patient Portal for a child or an adult for whom you are the legal guardian or caregiver, you will need to fill out and sign a consent form from our Health Information Management (HIM) department.

We strongly advise against sharing your username and password in order to protect your private health information. GRMC has no responsibility concerning any breach of your confidential medical record information due to your sharing or losing your user name and password.
