SUE XUE MING, M.D., Ph.D.

Visiting Pediatric Neurology Specialist

Appointments Available: August 3 - August 21, 2026

Dr. Sue Xue Ming is a highly accomplished, board-certified neurologist and sleep medicine specialist with more than two decades of experience caring for patients across the lifespan. She returns back to the island to provide specialized Pediatric Neurology care, expanding access for children and adolescents in our community who need expert neurological evaluation and treatment. Known for her compassionate approach and strong clinical expertise, she is dedicated to improving neurological health through both advanced medicine and personalized care.

Dr. Ming further specialized in sleep medicine through formal fellowship training, expanding her expertise in diagnosing and managing sleep-related neurological conditions. Dr. Ming pursued a pediatric internship and residency at the State University of New York-Upstate Medical Center, followed by neurology residency and pediatric neurology fellowship training at Johns Hopkins University. She also earned her PhD in Pharmacology from the University of Medicine and Dentistry of New Jersey, where her research focused on Alzheimer's disease, and began her medical journey at Shanghai Medical University (now Fudan University) in China.

Back at GRMC, Dr. Ming provides neurology and neurologic pediatric care, bringing her depth of experience, academic excellence, and patient-centered philosophy to the island community. She remains committed to delivering comprehensive, compassionate care to patients of all ages.

Our Pediatric Neurology service provides specialized care for children and adolescents with neurological conditions. We evaluate and treat:

- **Seizures and epilepsy (Primary providers: please send PA for EEG prior to consult)**
- **Headaches and migraines**
- **Autism**
- **Neurological concerns**
